

I also sent the Court Exhibits that
are documents proving my innocence
that Mr. Carbone messed up!

Dear Judge Stearns: 10-21-22

Sir, I hope you realize I am NOT
out for my money and would be glad to
just have adequate access to proceed
pro se in my criminal case.

I cannot afford to litigate all of my
valid claims against the Common-
wealth!! They have Unlimited Resources!
Cape Cod Court system is Corrupt.

The 15 year old "victim" called 911 and
told the crazy lie that he woke up
with my mouth on his penis - going
up n down like a "B.J."

It never happened.

He was taken by Police escort to Cape
Cod Hosp. on 7-5-18 - He said he did
NOT wash, shower, bath - since he
called 911

On 8-21-2018 - The DNA came back
with NO DNA on his genitals/penis.

So his Claims were totally Debunked
By Forensics. 4 Years Ago!

Yet what did the Cop do? She held
the Crime Lab report and S.A.N.E.

Form 213 until 2 weeks prior to her
Grand jury "Performance" and helped

The Commonwealth put on a "Magic show" to make all exculpatory evidence Disappear!

They left out the fact, in "oral rape" that no Saliva was on his junk! By means of Rhetoric and misdirection, on top of it, The cjs knew he destroyed his phone records and what remained makes him a Pathological Liar into every hardcore porno - and even told a friend to kill his dad.

She told the grand jury A Phone expert examined cell records marked forensically. Yeah 2 years later - when the DWC she encrypted finally got accessed he had destroyed evidence - and got a lawyer.

Yes, he got A lawyer! For destroying evidence. When I told the scumbag lawyer to file an O'Dell ASAP - he instead said I am delusional and got me declared IST against the doctors at BS H.

I'm sent to CORRUPT W.B. CH ~~etc~~ for A 2nd EMM and they Threatened me as A Sex offender upon entry so they could Bill Mass Health over

100,000 for my STAYS of 40 & 20
Days..

Yet after they use me to scam all
this money - The Court wants 350.00
to sue them for all the shit they did
to me that is OUTRAGEOUS.

Dr. Dinsmore did not even use the
Bridgewater court of CST as source
information! And she knew I was
NOT IST because she recommended
I be allowed to file a Pro Se (Oral
Motion) - although she would not
specify what motion..

She said, to paraphrase, "If he
reneges on agreeing to file it then
work with a lawyer we can
Re ^{view} ~~trust~~ his CST."

In other words, EXTORTION.
And that's what the lawyer was
doing - Either I agree to his
ineffective representation or he
would get me IST and a 2033
parole date w/o any THINK as
M.G.L. 16(f).

Now I have to pay \$350.00 in
my car Dr. Daou. And That is

Money was from a C.O. sexually harassing me, I'm accused of oral probe; and he is sending inmates with bazookas to stick in my face & ask if I want to suck it out!! While he laughs with other inmates in the dorm!!

Then he puts a young, gay inmate on my top bunk and says it's a gift - but tells him to file a ~~PRCA~~ on me if I try shit. PRCA

I asked the dude to Mar!!
 And the next day - he filed a PRCA on me. I went to seg. He told them I stalked him in the shower & bathroom!

They checked the cameras and I was never around him. Ask Mr Chris Lannon at Worcester Internal Affairs! Not only that, As I told you & them, He moved to my bunk to p -
So How did I stalk him?

C.O. Byrnes was Found Guilty of all this..

And this Money is Mine. Why do I need give it all out to the more agents of the Commonwealth?

I am living A Nightmare!

W.I.C.H did the same same to them, only in reverse, as on my 2d stay for 20 days - They labeled me a predator for talking to a 14 yea old on a porch & because he bought me lunch!

They did it to Validate their illegal Treatment plan. The dude is Homophobic I have NO prior charges & NO sex related convictions -

I drove TAXI at time of my arrest with my parole officers permission, Heather Allen, of N.Y. Parole dept. Call her!

And I lived a Budget Inn, full of kids.. Call my landlord, Vic Bidi 518-673-3233

He can vouch for all I say!

Call Broad "Express TAXI" in Gloversville, NY

The W.I.C.H doctors did NOT have a Court Order to treat me to a treatment plan to treat a

"Dangerous problematic sex problem"

As evidence by charges, these are suppose to be doctors.. NO, it is

A SCAM... As I did not need to be
in W.A.C.H to be evaluated for CST
by a forensic psychologist, so they
had to justify it by claiming to treat
me.

How can I be treated for a problem
I don't have / or a crime I've NOT
been convicted of / or a Court order
to treat me For??

They let another 19 year old my 1st
40 day evnt assault me! They
told the state mental care Thru
my charges... He threatened me for
days - and did nothing until he attacked
me - Then they said "Go in your room &
are shut up."

me - my sister called 911
They Blew her off.

And stole ripped the phone from
me - and put me on Phone Restriction,
Lying that I was delusional - That
I was paranoid people were trying
to hurt me - when she knew I
had just been assaulted

And its Proven by Video Review!
As my Complaint was Substantiated.

7 W.D. & H were caught lying, as a
 group! And they did so like a school
 of fish, as that is their M.O. — They
 cover up all incidents of assaults,
 by staff on PT or PT on staff, as
 they don't want Public Scrutiny.

I can't blame them, getting 2,000+
 per day per patient!

So, they can pay over 2,000 a day
 to send me here, for treatment I
 don't need, but no court ordered,
 so they can Bill Medicare,
 so they can suck the U.S.
 Government for days.
 But I must pay 350.00?

Welcome TO AMERICA — #1
 Home of The Hypocrites.
 We talk about China! Russia?
 I bet they don't take citizens
 and give them treatment plans
 when sent for a CST exam!!

There I am, in Suffolk, Basically as
Mr. Carbone refused to copy any
document involving Sheriff/ police, etc
and now I'm back and his skill at
it - And so the bill to me is 700.00
OR All my money.

And A Very Unlikely chance of ever
winning a dime.

Judge Reherker Denied Sheriff's Motion to Dismiss, yet he won't only not
settle but opposed my motion to appt.
Counsel!

I could NOT get Copies of Discovery,
NOT with Mr. Carbone! So I had to
send it to Melissa and beg her to
distribute me a Mr. Could a ~~copy~~
Copy -

What everyone wants is me to lay
Down, shut up, and Die.. or just
take it up the ass with NO
grease.

They only wish I were IST so they
could commit me and make a
profit of more treatment.. And
if I was a child rapist and
TOLD them so - they'd release me

so long as I played their game, did
outpatient treatment and my life - so
they could collect with bills to
Mass Health

Sorry!

I am not a child rapist.
Last December Ellen T. Carrett -
of Regenerate attorneys, made me the
D.A.'s offer - Time served if I
copped out to I can't indict
a son of a bitch -

Basically, Extortion, again! At
I was IST at the time looking at a
2033 parole date! And unable to file
an Obed Motion as IST to boot.
I asked her, "How can I do that -
if I am IST?"

And she knew I had no damn
intention of ever doing such a deal.

She pursed her lips and stomped
off.

And refused to put the deal in
writing.

And I got a 6 months court date!
How is this NOT extortion? And if
The DA Patterson, who made the

deal - his last days in office - the same pack that got me indicted on falsehoods and withholding ex. evidence - why would he make such a deal if he believed I committed child rape?

Thank God, I was Surg W.A.C.H and Judge Gidea could not send me there for a 3rd year as he tried so hard to do - I got to Solomon & got Dr. Munoz, and she saved my life. As she wrote that I am Not paranoid-delusional but presented documents to prove my claims! The Police, D.A., and alleged victim all provided false information or withheld ex. evidence to gain my indictment!!

She used 21 documents of mine as a source of information!

A Ph.D of Toxicology.

But it doesn't happen every day!

And at Solomon I had an 18 year old room mate.. I'm sure

He Cant could have been Amused to see me taking the mattress at the ~~extra~~ other bed - as I thought I was being set up for another false sex charge!! I had two male workers fighting to yank the mattress for my Room mate! Soon as I seen him! He looked fresh aft a school bot!

Ironically, this girl was heading over when my friend said "Oohh" About someone else with some cookies.. I had to shake up to him - He was NOT referring to your body!! "

But she was hysterical.. And told nurses we whistled at her ass! And of course, there's some reference in my email to it!

And there I was, just sitting in the dining area watching T.V. and eating cereal..!

And he literally, did, see the cookies and go "ooh" as he wanted to get some.. If anything, she did it as she was mad he wasn't into her!

Sexual allegations has become weaponized..

Here I am, 4 years and 4 months
later Based on Nothing but a 15
year old's allegations -

And ~~thrust~~ me - He's like the boy
that could melt or steroids. I am
not worried of my trial - as he's
not showing up!

What I worry about is that the Cap
that Lied and withheld evidence to
get me indicted - when she knew I
am innocent - loses her badge.
How many others has she lied on &
truly testified against?

The only money I want is to sue
her, W.R.C., and Worcester Jail.

I don't need any more law suits.
I just want legal access.

Yet I must pay 700.00 to get
it?

Please let me know what the
Court wants. As I will have less
than 500.00 After I send 200.00
to pay my Dr. David care.
